

PROTECTOR

DATA SHEET

LONE WORKER PROTECTION

The lone worker 'buddy' alarm system

The SBES Protector System provides the perfect on site lone worker alarm system where temporary safety cover is required.

The SBES Protector System is compact and simple to use.

The SBES Protector lone worker alarm unit is capable of raising the alarm manually by means of a 'Panic Buttons' and automatically by a 'lack of motion' sensor should the lone worker become incapacitated.

The SBES Protector lone worker alarm unit is supplied with an audible 'lack of motion' pre warning alert.

Upon alarm activation, an alarm notification message displayed immediately upon the SBES Radio Pager. The messages can be programmed with your specific requirements.
